

Richardson Associates (1993) Limited

- Commercial Building - Project Summary-

Project Name: Atlantic Technology Centre, Charlottetown, Prince Edward Island

In the Fall of 1999, the Province of Prince Edward Island announced its intent to develop the Atlantic Technology Centre, an information technology and innovation centre designed to help stimulate growth in the Province's emerging IT industry.

The 130,000 square-foot, four-storey complex is located on the eastern corner of University Avenue and Fitzroy Street in Charlottetown, PEI. It provides the Island's IT, Film & New Media industries with state-of-the-art office space, a small business incubator, specialized research labs, multimedia theatres, digital audio and video productions and editing facilities, smart boardrooms, Internet cafe, and public exhibition areas.

The total project cost was approximately \$22,000,000 with a \$2,100,000 electrical construction value.
